CHRISTOPHER NEALE

Revenue & CRM Operations Analytics

Raleigh, NC | 984-382-3980 | cjneale.analyst@gmail.com | linkedin.com/in/christophernealeanalyst | cjneale.xyz

SUMMARY

CRM and revenue analytics leader with 6 years supporting sales, finance, and commercial leadership, most recently Senior Manager, Marketing Insights & CRM Analytics at flyExclusive, owning CRM architecture and governance for the sales organization. Builds the forecasting, pipeline, and performance reporting leadership decides on, and the AI tools that take manual work off sales teams. Works hands-on in SQL and Python; M.S. in Data Science.

SKILLS

Revenue & CRM Ops: Forecasting, pipeline management, CRM governance (lifecycle stages, required fields, ownership rules), HubSpot, Master Data Management, deduplication, lead scoring, executive dashboards, executive stakeholder communication

Data & Analytics: SQL, Python (pandas, scikit-learn), Databricks, Postgres, REST APIs, data pipelines, Tableau, Power BI, multi-touch attribution, A/B testing, Iterable

AI & Automation: LLM pipelines connected to CRM data, conversational reporting, RAG, AI-assisted development (Claude Code)

PROFESSIONAL EXPERIENCE

flyExclusive, Raleigh, NC *Senior Manager, Marketing Insights & CRM Analytics* *Nov 2025 – Present*

- Led a CRM systems transformation on HubSpot for the sales organization: lifecycle stages, required fields, ownership rules, deduplication workflows, and Master Data Management, creating a single source of truth for reporting and lead scoring.
- Redesigned retail performance dashboards so leadership can see marketing's contribution through the funnel, and built conversational reporting interfaces giving cross-functional teams on-demand data.
- Shipped a Python competitive-pricing app for the retail sales team that directly informed the 2026 pricing tables and strategy.
- Engineered an autonomous pipeline connecting LLM APIs to the CRM database, powering a lead-scoring model that prioritizes high-value accounts for sales.
- Developed AI proposal and agreement tools that let the sales team produce company-approved documents quickly and consistently at scale.

TRANZACT, Raleigh, NC *Sr. Data Analyst, CRM* *May 2022 – Nov 2025*

- Partnered with commercial and finance leadership on sales performance, attribution, and forecasting analytics that guided strategic investment and field-activity planning.
- Built measurement frameworks and forecasting models for paid-media strategy, translating commercial data into executive recommendations on acquisition and pipeline growth.
- Engineered CRM/ESP integrations (SQL, JSON REST APIs) syncing behavioral data into Iterable for 10+ lifecycle campaigns while protecting data integrity for commercial reporting.
- Ran a structured A/B testing program: 50% test win rate and a 30% CTR improvement.

American Kennel Club, Raleigh, NC *Email Marketing Associate* *Apr 2021 – May 2022*

- Built Tableau-driven audience insights to optimize email program performance.

OnPoint, Raleigh, NC *Marketing Manager* *Oct 2020 – Apr 2021*

- Led lifecycle strategy and targeting across email and paid social, building alignment with C-suite stakeholders on data-driven execution.

FEATURED PROJECTS

From Attribution to Ad Spend, Budget Allocation Framework (portfolio site)

- Designed a five-step framework linking attribution to budget, shown on illustrative data: deduplicated conversions, four attribution models side by side, lift-test calibration, and a diminishing-returns model that reallocates spend on marginal cost per incremental customer.
