PROFESSIONAL EXPERIENCE

flyExclusive, Raleigh, NC *Senior Manager, Marketing Insights & CRM Analytics* *Nov 2025 – Present*

- Implemented conversion tracking on a rebuilt website: Google Tag Manager, Meta Pixel and Conversions API, and Google Ads conversion tracking, with quote requests flowing straight into the CRM.
- Set up offline conversion uploads sending CRM outcomes back to ad platforms, so campaigns optimize on qualified leads and sales rather than form fills.
- Led a HubSpot Enterprise transformation: governance, lifecycle stages, ownership rules, deduplication, identity resolution, and Master Data Management.
- Engineered an LLM enrichment pipeline into the CRM that writes personalized outreach and powers a lead-scoring model prioritizing high-value accounts.
- Built attribution frameworks and leadership dashboards; consolidated the stack by replacing Tableau and Airtable, and leading a HubSpot-to-in-house migration.

TRANZACT, Raleigh, NC *Sr. Data Analyst, CRM* *May 2022 – Nov 2025*

- Engineered CRM/ESP integrations (SQL, JSON REST APIs) syncing behavioral data into Iterable for 10+ lifecycle campaigns.
- Ran multi-touch attribution modeling and built paid-media measurement and forecasting frameworks, delivered as executive recommendations.
- Ran a structured A/B testing program for segmentation: 50% test win rate and a 30% CTR improvement.

American Kennel Club, Raleigh, NC *Email Marketing Associate* *Apr 2021 – May 2022*

- Automated customer journeys with dynamic email content and built Tableau-driven audience insights.

OnPoint, Raleigh, NC *Marketing Manager* *Oct 2020 – Apr 2021*

- Led lifecycle strategy and targeting across email and paid social, aligning C-suite stakeholders.

FEATURED PROJECTS

UTM Journey Tracker, Live First-Party Tracking (portfolio site)

- Built a UTM taxonomy enforced in code and a first-party tracker that dedupes events into Postgres (Neon), flags bad tags at read time, and feeds a real-time journey dashboard; honors Global Privacy Control, with no cookies or IP storage.

From Attribution to Ad Spend, Budget Allocation Framework (portfolio site)

- Designed a five-step framework linking attribution to budget (illustrative data): deduplicated conversions, four attribution models compared, lift-test calibration, and reallocation on marginal cost per incremental customer.
